Sterling Volunteers

VSys One
Volunteer Management Software System

NCRISK REPLACEMENT PROJECT

NOV 2. 2026

CORPORATE INTRODUCTIONS

Sterling Volunteers

- Launched in 2013 to simplify volunteer screening and risk mitigation for organizations of all sizes.
- Developed as the only background check platform tailored to the needs of the nonprofit sector and the first online community built to mobilize repeat, vetted volunteers.
- Grown to support volunteer onboarding, and retainment.
- Trusted by a wide range of organizations across faith-based, education, and community sectors.

VSys One
Volunteer Management Software System

- Launched in 1996.
- Became the global Games Management System (GMS) for Special Olympics worldwide.
- Launched Volunteer Management solution in 2007.
- More than 600 customers in North America, many of them networked healthcare organizations.

PROJECT HISTORY

2016 - 2025

Sterling provided background checking services for NCRISK.

2024

Field personnel requested a more sophisticated Volunteer Management System (VMS).

2025

Market research identified Sterling + VSys as the most qualified system.

VSys Products

VSys One
Volunteer Management Software System

For Administrators

VSys Anywhere
(browser-based VMS)

Onboarding, screening, scheduling, communicating (email & SMS), position & hours management, surveying, reporting.

For Volunteers

VSys Live
(browser-based – great on mobile devices!)

Volunteers apply, commit, record hours, view schedules and take trainings.

VSys Live Kiosk
(browser-based – great on mobile devices!)

Volunteer check-in / out online.

VSys Anywhere - Homepage

NEXT STEPS

1. Ask Questions!

During Q&A today and anytime. We want your input!

2. Pay Initial Invoices

Our goal is to launch implementation in 01-01-27.

3. Be Engaged

Make sure the right members of your team are connected to give input and receive critical updates during implementation.
